

VSIPP Announces 2010 Conference Dates & Location

Anticipation is building toward the 6th annual Veterinary Specialists in Private Practice (VSIPP) Conference, February 2 – 5, 2010 at The Roosevelt Hotel – A Waldorf – Astoria Collection, in the revitalized city of New Orleans, Louisiana – USA.

An agenda that includes seminars, round-table conversations, panel discussions, workshops and plenty of time for networking; the VSIPP conference has become a date which serious veterinary specialists won't miss. Sponsors include some of the biggest names in the industry, including: CareCredit, Hill's Pet Nutrition, Pfizer and Marshfield Laboratories.

VSIPP's annual conference provides attendees a forum to share information and communication that lead to a better understanding of the challenges they face in large group and small/solo practices while serving the human-animal bond.

As the only non-scientific conference for specialists in the veterinary industry, the sessions include information regarding marketing and promotions, corporate governance, legal issues, operations as well as human resource issues. Previous year sessions have all been RACE approved. Seminars are taught and moderated by leaders within their industries.

Two post conference specialty tracks will be held February 6, 2010. These tracks will focus on solo/small specialty hospitals and emergency and critical care practices.

VSIPP attracts specialists, practice owners and hospital managers worldwide. International attendees can contact the VSIPP Concierge to assist with flight arrangements, accommodations and transportation. Please contact Priscilla Chan at pchan@cmiresources.com.

VSIPP brings together the latest information and prominent speakers, industry experts and successful practitioners in the veterinary specialists industry.

For sponsorship information contact Gary Abeyta 602-265-7778, ext. 21 or gabeyta@gppublishing.com
